

Model No.:E7

The Fotopro E7 tripod kit offers the ability to separate your tripod legs and Gimbal head. This kit is unique and essential for wildlife, birding, sports and any outdoor adventure photography.

The E7's 10kg load capacity and 2.84kg weight makes it an excellent choice for the outdoor adventurer who needs a tripod tough enough to go anywhere. The E7's cutting edge carbon fiber design offers maximum strength and durability to protect your gear while you're braving the wild to get that perfect shot.

Its legs are crafted from 1K carbon fiber, manufactured in Japan, yield a high strength to low weight ratio. Fotopro's aluminum magnesium alloy gimbal head is specially forged creating a dense molecular structure, professional level multi-functional. It provides image support system for outdoor, ecology, scenery and sports. Its structure design got national patent.

As a pioneer in outdoor, adventure tripods, Fotopro uses an anodic oxidation color process to specially treat their alloy surface.

The combination of technologies, translates into stability and strength for the Fotopro EGL series tripods, it defeats all kinds of extreme environmental performances.

Features	Benefits
Gimbal head	360 degree up and down. No blind angles in all directions, can be separated
Accurate positioning	The center of gravity can be adjusted from left to right
